

Testimony of

Fran Rukus

Before the

Education Committee

March 1, 2023

Good afternoon, Senator McCrory, Representative Currey, Senator Berthel, Representative McCarty, and members of the Education Committee.

I testify today in support of the caps on class sizes proposed in Senate Bill 1093, which would take an important step in ensuring that classrooms are places where students can learn, and educators can teach.

As a teacher, class size is critical in the instructional program that all children have. The larger class size the more distractions occur. Limit the size the better the quality in instruction.

Thank you for your time and consideration.
