

August, 2009

Dear Colleagues,

As a new school year begins, I would like to tell you that I am excited about being able to be your new E.A.C. President. I hope to be able to serve you well and look forward to being able to support and help you in any way that I can. I know that this year could be a challenging one, as was the year that just passed. Cheshire's budget issues have not gone away. We also have a local election coming up in November, with new Town Council and Board of Education candidates running for office. I am up to the challenge, but I also need your help. It is very important that we all work together as a unified group and support each other.

One of my goals as well as that of the other officers is to make sure that we communicate with each other. We will work to do our best to see that you are informed on important issues. Your job is to keep us informed, as well, by talking to your building reps or to us.

Hopefully you will use this website to find out some of the things that are going on in your local association. Please check us out periodically for any updates.

I look forward to working with you and hope that you have a great year in your classroom!

Sincerely,

Bev Jurkiewicz  
President  
Education Association of Cheshire
