

# CEA IS WORKING FOR YOU!

## KEEPING YOU SAFE

CEA advocates for safe teaching and learning environments in all Connecticut Public schools. Read the top legislative priorities at [cea.org/teacher-priorities](https://cea.org/teacher-priorities).

## STRENGTHENING YOUR MOU

CEA's UniServ Reps are working with district leaders on MOUs to protect you, your rights, your working conditions, and your future.

## TEVAL FLEXIBILITY

CEA successfully fought for significant flexibility in teacher evaluations during the 2020-2021 school year for any district requesting it. More changes are being discussed, and teacher evaluation requirements will be updated over the summer months. Go to [cea.org/certification](https://cea.org/certification) for more information.

## PAID QUARANTINE

Through direct communications with the governor and CEA Action Alerts prompting thousands of members to make their concerns known, we succeeded at restoring paid quarantine leave for educators forced to quarantine without the option of working remotely.
