Imagine what you could do for your students if schools were fully funded. We need bold action now to ensure our students get the resources they need.

Join your colleagues and other union members on Tax Day, May 17, at the State Capitol for a Rally for Resources. Call on the governor to pass a fair budget that equitably funds education with an updated tax system that takes the burden off the middle class.

Stand up. Be heard. Now is the time for bold action to secure the funding we need now and after the federal funding runs out—to ensure a Recovery For All.

INVITE YOUR FAMILY AND FRIENDS TO JOIN THE RALLY
