

CEA EARLY CAREER EDUCATOR SOCIAL

One of the best things you can do for yourself as an early-career educator is making time to socialize with other new teachers.

Join us for free food, networking, and a chance to bounce ideas, tips, and questions off your colleagues. How are they handling challenges in and out of the classroom? How can you learn from and support each other?

If you are a teacher with up to seven years' classroom experience, join us for CEA's Early-Career Educator Social.

Bring a colleague or two and come socialize and have some fun.
