

Testimony of

Joseph Tomanelli

Eastford Educator

Before the

Appropriations Committee

Re:

**SB 107: AN ACT CONCERNING THE TEACHERS' RETIREMENT SYSTEM HEALTH INSURANCE
SUBSIDY.**

March 18, 2022

Good morning, Senator Osten, Representative Walker, Senator Miner, Representative France, and members of the Appropriations Committee.

I testify today in support of SB 107 and the increase in the health insurance subsidy for retired teachers; however, I urge you to amend the proposal to increase the subsidy amount for all retired educators.

The retired teachers' health insurance subsidy has not seen an increase since its 1996 even though insurance prices have continued to go up exponentially. As such, I encourage you to amend this proposal to double the current subsidy from \$110 to \$220 per person month for retired teachers and their spouses under age 65 to purchase insurance coverage from their former school districts and to \$440 per month for retired teachers age 65 and over who do not qualify for Medicare.

My wife and I served in a priority school district and worked hard to give our all to the children in our care! In our retirement it is not unreasonable for us to request a little help so we can stay healthy as we age! Please pass the bill to increase the subsidy for health insurance. Thank you

Thank you for addressing this critical issue impacting our retired educators.
