

Advantages of Early Enrollment

Together, we are a stronger voice for educators.

Sign up now for early enrollment and get access to local and statewide events, including CEA's Summer Conference. From April 1 through August 31, first time active teachers are invited to join us without paying dues until the new school year starts.

CEA members create meaningful change.

We're here to empower teachers so that they can excel at educating students. Together, we champion competitive salaries and benefits, secure retirement benefits, well-resources classrooms, and safe, healthy schools to attract and retain the best teachers. We support our members with expert representation.

CEA members work for the schools Connecticut students and teachers deserve.

As Connecticut's strongest union of certified educators, CEA makes the biggest different in the lives of our teachers, the success of our students, and the quality of our public education.

Free professional development for members
